Lisa:

If you would prefer that I talk to your legal counsel directly, please let me know.

To distill the facts more clearly, I can only tell you that:

A) I have been asked to bring an action against [www.allhatnocattle.net](http://www.allhatnocattle.net) for false light libel in Florida.

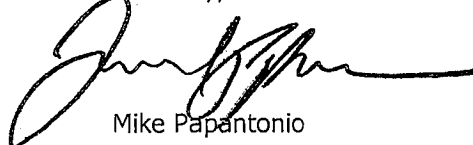

B) I have told all the potential claimants that I would prefer to handle the matter amicably if possible.

C) It seemed simple and reasonable enough to ask you to remove all slant about Joe Scarborough and his congressional aide from your internet story.

D) If you feel that your story is appropriate feel that no changes are necessary, that is a choice I probably should talk to your lawyers about.

Please understand that I have no wish for this to escalate toward a false light lawsuit, but it clearly is heading that way.

Sincerely,

Mike Papantonio
